

PENTALIFT EQUIPMENT CORPORATION

Engineered For Safety !

Application Designed: Pentalift HD7835 Hydraulic Dock Levelers, Pentalift HFR32 Vehicle Restraints, Pentalift PS200 and Pentalift L Pad Dock Seals are utilized at Automobile manufacturer's Parts Distribution Center.

An internationally recognized automobile manufacturer built a parts distribution center and installed 12 Pentalift HD7835 hydraulic dock levelers, 12 Pentalift HFR32 vehicle restraints, 10 Pentalift PS200 easy swing adjustable curtain dock seals and 2 Pentalift PS700 L Pad dock seals. The dock levelers have a 7' wide platform to provide easy lift truck access to the full width of the back of the trailer and 20" long hinged lip assemblies. Based upon the widths of the overhead doors and the dimensions of the trailers being off-loaded the 2 models of Pentalift dock seals provided the most cost effective solution.
