Pentalift Equipment Corporation and LEED® for New Construction

LEED Is a Trademark of the U.S. Green Building Council

LEED (Leadership in Energy and Environmental Design) is a voluntary, consensus-based National rating system for developing high-performance, sustainable buildings developed by the U.S. Green Building Council (USGBC).

The LEED for New Construction and Major Renovations Rating System guides and distinguishes high performance commercial and institutional projects. The Rating System consists of six categories, listed below with Pentalift Equipment relevant contributions:

1. **Sustainable Sites:**
   This category is not applicable to the use of Pentalift Equipment products.

2. **Water Efficiency:**
   This category is not applicable to the use of Pentalift Equipment products.

3. **Energy and Atmosphere:**
   This category is not applicable to the use of Pentalift Equipment products.

4. **Materials and Resources:**
   **Materials and Resources Credit 4.1 and 4.2: Recycled Content Percentage.** Applicable to all Pentalift dock equipment, Lift tables, and Dock Lifts
   Pentalift Equipment product components contain Post Industrial and Post Consumer recycled content as list below. Please note that Product Type and Product Size determine the final Recycled Content calculation package. Pentalift Equipment only deals with steel suppliers that are active in reducing environmental impact.

**Manufacturer Locations**
Pentalift Equipment Corporation
PO Box 1060 Guelph, ON Canada, N1H 6N1
PO Box 1510, Buffalo, NY USA 14240-1510
Minimum percentage of material that is procured within a 500 sq. mile radius of manufacturer: 85%

This letter is to certify that the above product / material contains the minimum percentage of recycled material and minimum percentage procured material in a 500-mile radius of manufacturer as noted. Percentages are based on information received from our vendors and have been represented to Pentalift Equipment as true and accurate.

5. Indoor Environmental Quality
Thermal Comfort—Design Credit 7.1. Applicable toward Vertical Storing Dock Levelers (HDV, HUV) and all Seals and Shelter Products available from Pentalift Equipment. To provide a comfortable thermal environment that promotes occupant productivity and wellbeing.

6. Innovation and Design Process
This category is not applicable to the use of Pentalift Equipment products.
