

PENTALIFT EQUIPMENT CORPORATION

Engineered For Safety !

Application Designed: 30,000 lb Capacity Hydraulic UpEnder

A Heavy Capacity Hydraulic UpEnder was designed and manufactured to rotate 30,000 lbs from the vertical position to the horizontal position. To assure safety and provide smooth, even transition during the tilting operation the UpEnder features both double acting hydraulic cylinders and counter balance hydraulic valving. Used in an outdoor environment, in order to preserve the appearance of the UpEnder the equipment was first Mechanically Washed, Zinc Rich Primer applied followed by a Finish Coat of 2 Part Epoxy Paint.
